Reminders: Do NOT include any previously accepted loan in your current request. Include ONLY the amount by which you wish to revise your loan. The Department of Education charges a loan processing fee for each disbursement. You will need to consider these processing fees when determining the amount you wish to increase. Please contact our office if you need assistance determining the correct loan revision amount.

Notes: One-term loan increases will be processed as a separate loan for the term indicated and will not be approved if the increase creates an over-award for the term or aid year. Loan increases for multiple terms will be equally split between each term. Loan reductions for one term requires an equal reduction of any/all future term disbursements. **Example:** Fall reduction requires an equal reduction of the Spring award.
